- Complete Chat Application with user authentication , sending and deletion message method.
- Technologies used : React JS , Node JS , Express JS , Socket.IO for communication

---

Internships: Dec 2023 – Jan 2024

Web Development Intern| CodSoft Pvt

 Creating the real-world tasks at CodSoft was one of the internship's highlights. I was given the opportunity to work on projects that had a direct impact on the company's operations and customer experience. This Internship experience not only improved my web development skills but also helped me how to work with the real world projects.
